

Datalogic Mobile

Datalogic Mobile is a global player in the Rugged Mobile Computers market, offering a full range of products, dedicated to the main target application fields: warehousing solutions, field-force automation and retail in-store. It provides also complete self shopping and Consumer Technology solutions to the retailers through its business unit Enterprise Business Solutions.

Datalogic Mobile, headquartered in Bologna, includes two business units:

- ✦ Mobile Computers
- ✦ Self Shopping Solutions.

Mobile Computers

The offer of the business unit Mobile Computers includes pocket-sized to full-alpha-keyboard hand-held devices, industrial PDAs, pistol-grip terminals, Vehicle Mounted computers and a very complete choice of middleware software solutions, which guarantee our partners and end-users the highest level of compatibility and openness to industry standards.

With our strong presence in EMEA, Americas and Asia/Pacific and the powerful network of partners all-over-the world, Datalogic Mobile has been able to show an impressive track record of growth, enabling us to be one of the fastest growing company in the industry and to be positioned among the worldwide market leaders.

Enterprise Business Solutions

The business unit Enterprise Business Solutions (EBS) provides complete Self-Shopping and Consumer Relationship Technology solutions for the retail world.

Shopevolution, the innovative integrated solution for self-shopping from Datalogic, uses Joya, the exclusive new pod from Datalogic, as the ideal tool in the hands of consumers to make shopping enjoyable by effortlessly creating direct, personalized interaction with the customer, offering information, advantages, and personalized services at the moment of truth, when making a purchase in the store.

With more than 350 installations in Europe, Enterprise Business Solutions is a market leader with Shopevolution in many countries such as Italy, France and Belgium.
